Format

1. Each chapter shall enter one team consisting of the six chapter officers and not more than five additional active Members (district competition only). The elected chapter officers shall comprise the team unless a valid reason for substitution is given and approved by the State FFA Advisor or State FFA Executive Secretary.
2. Ten minutes of preparation time will be allowed for each team. A team shall be allowed ten minutes in which to complete their demonstration. Opening and closing ceremonies are not included in the ten minute time period. For each minute or major fraction thereof over ten minutes, the team will be penalized 25 points.

Unnecessary abilities used will penalize the team score. The advisor shall not consult with the team after the beginning of the preparation period. Contestants will not listen to competing teams. No references will be allowed by the team in the contest or during preparation. Points of clarification, not parlance, may be given in the ready room by the advisor in charge of the contest.
4. All officers with the exception of the President will have two required abilities that they must demonstrate. These required abilities will be clearly marked on the practice problem. Each of these abilities will have a twenty point value, they will be scored according to how correctly they were demonstrated. Omitting a required motion will result in a 50 point deduction from the team score, along with the 20 point deduction from the officer's individual score.
5. All contestants, with the exception of the President, will be provided a copy of the problem in the demonstration room. These copies will not leave the demonstration room and will not be written on, folded or otherwise defaced. Order of appearance will be determined randomly at registration. The officer with the lowest score will be the officer of the day in each position. Natural breaks in the total score will be used to determine award ratings. (A minimum of two officers per award area so no one is singled out, e.g. 1 bronze.)
9. Secretary, Treasurer, Reporter and Vice-President (Program of Activities) books shall be submitted when the chapter registers in the morning. **These books shall be rated satisfactory or unsatisfactory based on the rating sheets found on ndffa.org (updated July 2016).** Officers whose books are rated unsatisfactory are not eligible for Officer of the Day designation.

11. Judges shall be given a minimum of five minutes between teams to review number of debates and parliamentary errors. Judges shall agree on number of debates along with parliamentary errors, ensuring that all members receive credit for their debates. Also all judges should make deductions for parlance errors. Teams shall be ranked in numerical order on the basis of final score determined by each judge. Prior to ranking teams the judges will take a few minutes for any clarification needed on parlance errors made by the competing teams. Final team placing will be determined by adding all judges' rankings and the winning team will be the team with the lowest ranking score. An advisor will not score his/her own team.
4. For the final round only teams will not perform opening ceremonies and each officer will be given a general question pertaining to parliamentary procedure. (The question may not pertain to the specific problem.)
5. Officers will not be evaluated individually; no Officer of the Day awards or officer ratings will be determined. Officer books will not be turned in or evaluated.

"Mr/Madam Vice President, why do you keep a plow at your station?"

Vice President: "The plow is a symbol of labor and tillage of the soil. Without labor, neither knowledge nor wisdom can accomplish much. My duties require me to assist at all times in directing the work of our organization. I preside over meetings in the absence of our President, whose place is beneath the rising sun."

Advisor: "Why is the President so stationed?"

Vice President: "The rising sun is a token of a new era in agriculture. If we will follow the leadership of our President, we shall be led out of the darkness of selfishness and into the glorious sunlight of brotherhood and cooperation.

Mr/Madam President, all officers are at their stations."

President: (rises and faces the Vice President) "Thank you Mr/Madam Vice President." (All take seats at the tap of gavel.) "The Secretary will call the roll of members."

Secretary: "There are _____ members and _____ guests present, Mr/Madam President."

President: "Thank you. FFA members, why are we here?" (all members stand at three taps of the gavel) All members in unison: "To practice brotherhood, honor agricultural opportunities and responsibilities, and develop those qualities of leadership which an FFA member should possess." (all members are seated at 1 tap of the gavel)

President: "May we accomplish our purposes. I now declare this meeting of the _____ FFA _____ duly opened for the transaction of business or attention to any matters which may properly be presented."

Closing the Meeting

President: "Mr/Madam Secretary, do you have a record of any further business which should be transacted?"

Secretary: (rises, replies and is seated) "I have none Mr/Madam President."

President: "Does any member know of any new or unfinished business which should properly come before this meeting?" (If no answer proceed as follows)

"We are about to adjourn this meeting of the _____ FFA _____. As we mingle with others, let us be diligent in labor, just in our dealings, courteous to everyone and above all honest and fair in the game of life. Fellow members and guests, join me in a salute to our flag." (3 taps of the gavel and all members rise)

All in unison: "I pledge allegiance to the flag of the United States of America, and to the republic for which it stands, one nation under God, indivisible, with liberty and justice for all."

President: "I now declare this meeting adjourned." (tap gavel once to adjourn the meeting)

Implementing Parliamentary Procedure

Revised 2006

Uses of the Gavel

- 1 Tap – Sit down, adjourn or after the announcement of a vote or a ruling made by the chairperson
- 2 Taps – Call the meeting to order
- 3 Taps – Stand up
- Several Sharp Taps – Restore order

Methods of Voting

1. Roll Call – has the effect of placing on the record how each member votes. It is usually confined to representative bodies, where the proceedings are published, since it enables constituents to know how their representatives voted on certain issues. It should not be used in a mass meeting or in any assembly where members are not responsible to a constituency. (The FFA would not likely use this method of voting.)
2. Secret Ballot – is used when secrecy of the members' votes is desired. A vote by secret ballot can be ordered by a majority vote. This method of voting is popular with officer elections.
3. Rising – used in verifying an inconclusive voice vote and in voting on motions requiring a two-thirds vote for adoption. A show of hands is an alternative method that can be used in place of a rising vote in very small assemblies if no member objects. A show of hands is not acceptable when voting on a division of the house.
4. Voice – (viva voce) the normal method of voting on a motion. It cannot be used on any vote which requires a vote other than a majority vote. Before taking the vote the chair should repeat and clearly identify the motion. The form to use when taking a voice vote, after the chair has clearly restated and identified the motion is: "As many as are in favor of say "aye", all those opposed say "no".

Example: The president would say, "we will now proceed to vote on the motion which states that we send our chapter President and Vice President to the Washington Leadership Conference. This motion requires a majority vote, as many as are in favor say, "aye", all those opposed say, "no". The Ayes have it, motion passes." The chair would then tap the gavel once after announcing the outcome of the vote.

Discussion

The quality of your discussion is a very important tool in the evaluation of both your officer ratings and your team score. Each discussion can earn you between 0-20 points. The following breakdown will be used:

15-20 points – Excellent	10-15 points – Good
5-10 points – Average	0-5 points – Poor

When working on the quality of your discussion you should not concern yourself with trying to receive a discussion rating of excellent. In order for you to receive between 15-20 points you would probably take up too much of the precious time your team will need to complete the entire demonstration. You should concentrate your efforts on discussion that will be worth between 10-15 points. No more than 20 points can be earned on any one debate, no more than 2 debates per member per motion is allowed and only the first 4 debates per member will be scored.

On the score sheet the maximum points that any member of the team can earn is fifty points for their total discussion during the entire demonstration. During the team demonstration you will have time for each member to discuss three times if all discussions are of the 10-15 point range. It is possible for a fourth time if you press it. Remember when you are discussing your motion to keep track of the time factor.

Deductions for Overtime

Under 10 minutes 30 seconds	0 point deduction
10 minutes 31 seconds to 11 minutes	25 point deduction
11 minutes 1 second to 11 minutes 30 seconds	50 point deduction
11 minutes 31 seconds to 12 minutes	75 point deduction
12 minutes 1 second to 12 minutes 31 seconds	100 point deduction

Examples of Discussion (This should be read by all judges prior to judging.)

Motion – That the chapter send the officers to the MFE Conference and pay all of their expenses.

Sample Discussion (15-17 points) – “Sending our chapter Officers to the MFE Conference is an exceptional idea. I went to the MFE Conference last year and had an experience I will always remember. If our officers go to this conference they will be able to pick up ideas from other chapters that they will be able to bring back to our chapter and share with our members. Fellow FFA members, sending our officers to the MFE Conference is an opportunity we cannot afford to pass.”

Recognition (obtain the floor)

Anytime a member wishes to get recognition from the chair they should first stand and then address the chair in one of the following ways: “Mr. President”, “Mr. Chairman”, “Madam President” or “Madam Chairman”. Once the chair has granted recognition then they may proceed. The chair should recognize the member by saying, “The chair recognizes John.”

If more than one member rises, the chair should recognize the member who was the first to rise; or if both members rise at the same time, it is up to the chair to decide who speaks first. It is proper for the chair to rotate debate from those in favor to those against. If a member makes a motion he/she in return has the first right to debate.

Rules Governing Debate

The motion must be moved, seconded and the chair must repeat the motion before debate is in order. Once the motion is opened for debate, the mover of the motion has the first right to debate.

You are only allowed to debate a motion twice per day and not more than ten minutes per time, unless the group moves to extend your time of debate. No member can speak for a second time on a motion until everyone who wishes to speak has spoken at least once. All debate should be related to the question at hand. During discussion you should try to refrain from using names when making comments related to what a member had said earlier. You should instead refer to them as the “previous speaker” or “a previous speaker”.

Motion Classification

There are five different classifications of motions. We will take a look at each and give examples of how they should be handled.

- a. Privileged
- b. Incidental
- c. Subsidiary
- d. Main
- e. Other Motions (unclassified)

National academic standards for mathematics, science, English language arts and social studies related to this event are reported below. The statements are based on information in reports of the respective associations/organizations in the academic areas. Some adjustment of numbering was done to facilitate the process of alignment with the standards that have been developed in the pathways of the Agriculture, Food and Natural Resources (AFNR) Career Cluster.

The approach was to determine the presence of alignment between the content standards, expectations or thematic strands of the four academic areas and the performance indicators of the AFNR Standards. Supporting statements have been included to clarify content of the respective content standards, expectations or thematic strands. The statements were initially developed independently by the respective organizations and, therefore, are not parallel in wording and presentation. Occasionally minor editing was done to adjust the background or stem of a statement but not the statement itself.

Appendix B: Related Academic Standards- Prepared Public Speaking

National academic standards for mathematics, science, English language arts and social studies related to this event are reported below. The statements are based on information in reports of the respective associations/organizations in the academic areas. Some adjustment of numbering was done to facilitate the process of alignment with the standards that have been developed in the pathways of the Agriculture, Food and Natural Resources (AFNR) Career Cluster.

The approach was to determine the presence of alignment between the content standards, expectations or thematic strands of the four academic areas and the performance indicators of the AFNR Standards. Supporting statements have been included to clarify content of the respective content standards, expectations or thematic strands. The statements were initially developed independently by the respective organizations and, therefore, are not parallel in wording and presentation. Occasionally minor editing was done to adjust the background or stem of a statement but not the statement itself.
