

NORTH DAKOTA
FFA ASSOCIATION

State FFA Officer Biography and Information

Name: Anna Palmer

Office: Treasurer

FFA Chapter: Hebron

Family: Ashlie (Mother) & Pets: Penny, Dave, and Elenor

SAE: I work at my family's business, Aerial Crop Care Company. There, I serve as the warehouse assistant where I get to interact with customers and load orders. I also get to work in the loading shed and office where I sometimes do clerical work.

CDE/LDE: Range Judging, Creed Speaking, Parliamentary Procedure, Agronomy, Prepared Public Speaking, Advanced Quiz, Ag Sales, Milk Quality

Favorite FFA Memory: In the seventh grade, I was lucky enough to attend the National Range Contest. During one of the practices we were supposed to climb a steep hill to access the slope of the pasture, however, it had been raining heavily for the past week. Around halfway up the hill, I lost my footing in the mud and slid the remainder of the way down on my stomach. I had to spend the rest of the day completely covered in mud whilst my friends laughed at my graceful descent down the hill. We still talk about that incident to this day.

Future Plans: I am currently attending Valley City State University where I am majoring in Health Sciences. After finishing my undergraduate degree, I plan to continue my education at either a dental or chiropractic school with the intention of getting a doctorate degree.

About Me: My family owns and operates a 3rd generation ag business called Aerial Crop Care Company. There, we offer custom aerial spraying and retail services for pesticide, herbicide, etc. I was hesitant to join FFA at first but with much pressure from my family, I went to my first meeting. From there, everything was history as I fell in love with the organization and immediately felt at home in my chapter. I was inspired by my past chapter president, Breanna Hosman as she served as a mentor to me throughout middle school. I was pushed to step outside of my comfort zone and haven't been the same since then. I hope to inspire members to do the same, as it is the best way to grow both personally and professionally. A fun fact about me is that I flew a plane before I knew how to drive a car.
